ПЕРЕЛІК OSINT ІНСТРУМЕНТІВ

The screenshot shows the Molfar website's 'OSINT tools' page. The header includes navigation links for Investigations, Team, Services, Tools, and Enemies of Ukraine. The main heading is 'OSINT tools'. Below it, a paragraph explains that Molfar analysts use open-source intelligence tools to collect data from open sources. A 'Read more' button is present. A search bar is located below the text. A table lists various tools with their names, descriptions, prices, and locations.

Name and description	Price	Location
3D Sun-Path The position of the sun and its rays in relation to geographical objects.	Free	Global
52wmb Customs declarations across 30 countries. Does not consolidate different spellings of companies into one profile. Searching in various spellings.	Paid	Global
Abbyy Fine Reader Online reading any language from pictures (OCR), there are up to 10 pages in the trial.	Free	Global
AMPlus The list of offers from the main nets allows you to identify partners of any service.	Free	Global
Alexa Rank Checker Mass Alexa rating check by a pack of domains.	Free	Global
